

SALVAFIX Memory PRO femoral waist belt with safety locks and magnetic key. Prevents patient self-injuries and falling. Includes sewn femoral bands to prevent patient from sliding up and down.

Made of 100% polyester straps with inner reinforcement and stainless steel eyelets for a higher strength. 100% polyester soft to the touch blue edging for a comfortable fit.

Safety locks are made of a Stainless Steel pin and a PC/ABS Casing with an internal mechanism that blocks the pin when it is inserted. Magnetic key is needed for system releasing, made of a PA casing and Neodymium magnet.
